LOBOS-TROJANS CLASH TONIGHT

The 1951 Lobo team is pictured here as it will appear tonight in MPC's first inter-collegiate clash. This game will be the first to be played on our newly completed football stadium. The nemes and numbers of the players will be listed elsewhere on this page.

Intersectional First for Both Elevens

History will be made tonight when the Everet Trojans meet Monterey's "Lopin' Lobos" for the first intersectional clash of this type in the Wolf-pack's brief existence. The "Men of Troy" came all the way from Everett, Washington to provide the Lobos with what looks to be a slam-bang pre-league tussle.

Everett played 10 games last year, of which they lost three, tied two and won five. They scored 223 points points against 208 for their opponents. Playing in a nine-team league, the Everettmen took a third place in the final league standings.

Nor will the Trojans come without stars in their line-up. According to pre-game dope they will bring down two speedy break-away backs in Ray Funk and Larry "Red" Padgett.

Funk will start at fullback position where he performed in high school and early last year until he was sidelined with a knee injury. In his senior year at Everett High School he was named to the mythical All-State team.

"Red" Padgett, who played right end on last years' team will make his debut at halfback. He's supposed to be fast and shifty, which will keep the hard charging Lobos on their toes.

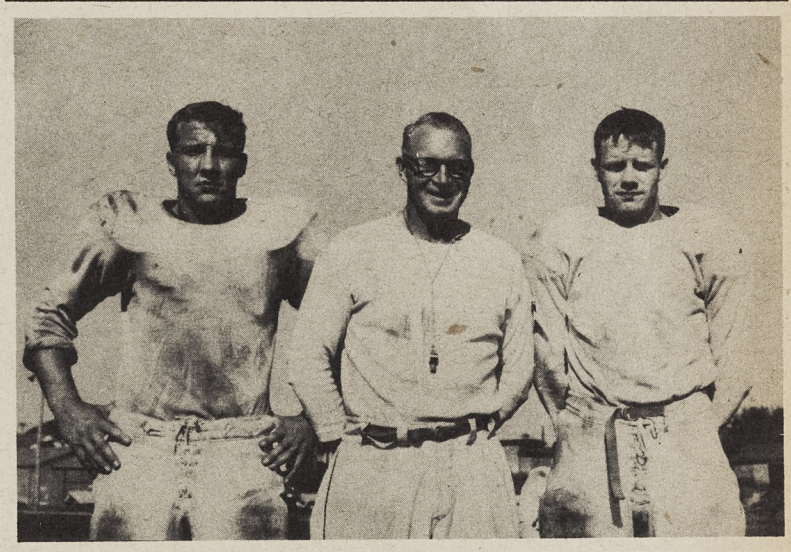

Let's take a quick glance at what the mighty Lobos have to offer this season.

[redacted]

line-up. Fla[redacted]rence Segovia will make his first appearence on a college field tonight when he takes over the fullback slot for the Wolves. Flanking him in the backfield will probably be Weer and Enea. Enea was a former running mate to Segovia last year on the Monterey High eleven.

Losing only two games last year, one to San Mateo in league play and one post season game to Santa Rosa, the Lobos showed real power.

Santa Rosa was the only gridiron foe that both the Everett and Monterey teams played. Both lost! Everett by as score of 41-6, and the Lobos by 14-0.

Coach Price poses with "Troy Boy" backfield hopefuls, Ray Funk, and Red Padgett. Price hopes his two whizzes will halt the "Loping Lobos."

Rally Club Welcomes Visitors to Camp

By Wes Semple

Through the enthusiastic efforts of all members of the Rally Club, successful plans were carried out yesterday in welcoming the visiting football team — Everett's Trojans.

The entire rally there was conducted by the three Yell Leaders, Luis Wolter, Barbie Berg and Carol Templeton aided and abetted by the eight Song Leaders in full costume.

The pep talk for the rally was handled by the Assistant Coach, Don Dorden. "Big Jim" Tidwell stepped to the speakers stand (trampled grass) to officially welcome the assembled Trojan squad to MPC in particular and to the peninsula in general.

At the completion of the festivities on the campus, the team from Everett was then escorted through highways and byways to their hotel, The Forest Hill in P.G.

President Flint Extends Greeting

Welcome to the newest addition on our ever-groiwng M. P.C. campus — the college stadium. Lobo victories have been many but never before have our teams had the opportunity to perform on their home field.

We have another squad of championship calibre and we are proud to initiate this, our latest mark of maturity, with such an outstanding group of young football players.

It is our hope that victories in our stadium will be many and that our loyal followers from the near-by communities will enjoy the Monterey Peninsula College games in their new and beautiful setting.

Hoganite-AWS Barbecue, Dance Huge Success

Food, fun, and frolic were the main thoughts of everyone attending the fifth annual barbeque sponsored by the Hoganites and the AWS Wednesday night, September 19. The gala affair attracted many MPC students for the small price of $1 with student body cards and $1.75 without. Steaks, vegetables, salad, and soft drinks made up the menu and after the feed, a dance was held at the student union.

At approximately 6 p.m. the much publicized barbeque got under way. After the food was served by the AWS and eaten by the mob, which was estimated between 250 and 275, a session of community sing and entertainment was held preceding the dance at 8. Music for the dance was furnished by Jake Stock's band and at 11 the first big social event of the year was history.

Last Season's Scores

MPC	27	Fresno	13
MPC	25	Visalia	19
MPC	20	Modesto	14
MPC	27	San Fran.	19
MPC	19	Menlo	6

Three new freshmen students at MPC inspect the new carved redwood sign at the Fremont Street entrance to the college. The sign, a gift of the 1951 graduating sophomores, was carved by Howell Armor, famed Carmel wood sculptor. The girls, left to right, are twins Barbara and Joan Barnes, of Pacific Grove, and Lillian Dugan, of Carmel. —Photo by Potter

The Gavel

By Clarence Micalizio

[redacted]

The biggest issue since our return to school is to assign concessions to the clubs of the campus and give each club a fair chance to request a concession.

There is one concession that is not on a request bid basis; that is, the coffee and hot dog concession. The State Board of Health insists that serving of food shall be handled by experienced personnel and the AWS has consented to handle this concession all the way. The proceeds will be used to repair the concession booth and to purchase new equipment.

The buying of all commodities sold at concessions will be managed by Mr. Tadlock, who has had much experience in this line and can make possible a greater profit.

If you haven't purchased your student body card, do so as soon as possible. Your card not only entitles you to special prices at any of our functions, but also your student union and most of our activities are made possible only through the purchase of student body cards. Don't depend on someone else to pay your way. Get your student body card TODAY!

Don't forget that the success of whatever we do here depends as much on you as on the people who plan it. So whenever you are asked to assist on a committee, lend a willing, helping hand. This is your college and how successful our social season will be depends on YOUR cooperation.

Don't feel that you haven't a voice in your affairs. All you need do to voice your gripes or wishes is to contact me personally or leave a note for me in the office.

PEP SONG

Come on and cheer for our brave
Lobo team
And sing always loyal to
their might,
Come on and shout for our
victory while on high
Our colors wave so bright,
Come on and cheer for our
grand MPC
And sing of the name we proudly
boast, Ah!
Lobos, rah, rah!
They are the victors,
MPC's proud host.

Foreign Students Attend First Game

This being the season for "Famous Firsts," who are we, the struggling staff of EL YANQUI, to attempt to swim against the stream? I have particular reference now to the fact that this is the first game of the 1951-52 season, the first inter-collegiate game to be played in the new stadium here at MPC and a few other firsts of less importance. This is all being written in an effort to lead up gradually to our other "Welcome" of the evening . . . to our two foreign scholarship students, Mireille Jeanne Guers, from France, and Tord Gunnar Hogdin, from Sweden, both of whom are attending an American college for the first time and are also seeing an inter-collegiate football game for the first time . . . Hola Amigocitas!

Rooters' Caps On Order

Staunch supporters of the maroon and white will soon have a chance to display their fiery school spirit by purchasing and wearing regularly the Rooters' caps recently ordered by the Student council. Jack Ely, Commissioner of Rallies and Assemblies, predicts the new headgear will be available in the Student store within two weeks and will sell for .75 each.

According to Jack's description, the caps are in school colors, have a duckbill and resemble those worn by rooters at the University of California.

CALENDAR OF EVENTS

Sept. 21—MPC vs. Everett.
Sept. 27—Alpha Gamma Sigma initiation, Student Union, 7:30 p.m.
Sept. 29—MPC vs. Visalia
Oct. 11—Plaid & Pinafore Dance.

Reserved Seats

Enrollment Tops Previous Records

"Approximately 600 students have enrolled at Monterey Peninsula College this fall," stated Mr. Harold K. Parker, Dean of Student Personnel.

Of the total number enrolled there are 160 girls and 440 boys. The boys are more numerous than girls because of the new deferrment plan which is now in effect. Both Sophomores and Freshmen boys who enroll in college for the current semester and maintain satisfactory grades will be permitted to remain in school regardless of their previous standings in their high school classes.

72 students are from Watsonville and Santa Cruz, while 69 students came from Pacific Grove, others are from Monterey, Carmel, and there are many out of state students.

According to Mr. Parker, "this is one of the college's largest fall enrollments, since the schools history."

MPC's Alma Mater

By Frank Young

Hail all hail to M.P.C.
alma mater fair,
Nestled by old Monterey
sing we now your praise,
Hail all hail to M.P.C.
wearers of maroon,
One mighty brotherhood
forever hail!

Newest project underway by the livewire Lobo Boosters Club is a season ticket plan designed to assure local businessmen of finding seats when they arrive at the brand new MPC stadium for the 1951 games.

According to Boyd Beall, who was recently elected Club president for the current season, Wolfpack enthusiasts can purchase a book of six tickets at $9, which will entitle them to seats in a reserved section. Located behind the college rooting section on the 50 yard line, the block will provide a seating capacity of 336.

Money over and above the regular admission price is earmarked for another of the Boosters' ambitious projects, a $2000 scoreboard to help furnish the just-completed college stadium.

For the benefit of Peninsula football followers who can't make it to the game until just before starting time, the 336 reserve seat tickets can be obtained at the following distribution centers.

Monterey — Bay Cafe
Rassmussen and Moody
Seaside — Fremont Hardware.
New Monterey—Midway Pharmacy.
Carmel — Ricketts' Sport Shop.
Pacific Grove — Dyke's Grove Pharmacy.

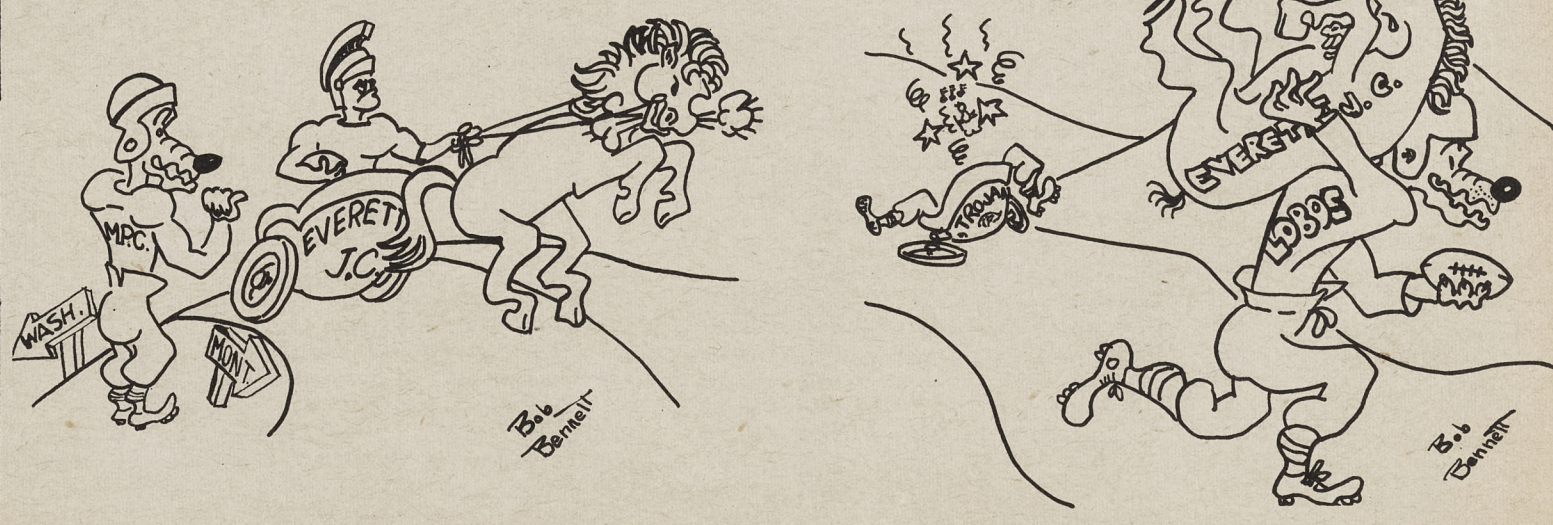

A cardigan sweater is one surefire way to the "all-American look.

"Good Fishing" is the theme of this MPC float passing in review before the Alvarado Street crowds watching the big Saturday parade of the Santa Rosalia Festival. Carol Templemen is snapping a picture of quarterback Jim Hare "fishing" for wins over conference opponents.
